- costi di trasporto
- installazione, montaggio, allacciamento
- I.V.A. (imposta sul valore aggiunto).

Le modalità di versamento del prezzo dei beni venduti sono le seguenti:

- 1) Pagamento con Rimessa Bancaria;
- 2) Pagamento Rateale;
- 3) Pagamento con lettera di credito per i clienti esteri.

In caso di mancato pagamento di anche una sola rata del prezzo - qualora sia concordata tra le parti una rateizzazione - l'acquirente decade dal beneficio del termine ed è pertanto tenuto all'immediata corresponsione dell'intero importo.

L'importo minimo fatturabile è pari a € 80,00 (netto, I.V.A. esclusa). Gli ordini che non raggiungono l'importo di € 150,00 (netto, comprensivo di trasporto ed I.V.A. esclusa) verranno evasi tassativamente con pagamento in contrassegno a mezzo corriere, porto franco c/addebito.

CONSEGNA

Il termine di consegna si intende normalmente in 4 settimane, salvo diversa indicazione della casa.

In ogni caso, eventuali ritardi nella consegna dovuti a fattori contingenti di produzione non potranno dare luogo a ritardi da parte dell'acquirente nel pagamento della merce fornita, se non espressamente pattuiti per iscritto tra le parti, né daranno diritto a sconti o comunque alla diminuzione del prezzo di listino.

DIRITTO DI RECESSO DALL'ACQUISTO

La normativa italiana che regola i contratti di vendita tra attività commerciali, nella fattispecie quella della venditrice e quella del rivenditore/distributore, non prevede la possibilità di recedere dal contratto di compravendita una volta che la merce sia stata consegnata.

Preghiamo pertanto i gentili clienti di:

- A) **verificare attentamente caratteristiche tecniche, dimensioni, peso e prezzo dell'articolo** scelto sul presente listino prima dell'ordine;
- B) **leggere attentamente la conferma d'ordine spedita via fax dalla venditrice**, confrontando i dati espressi sulla stessa e quelli del proprio ordine, affinché corrispondano esattamente a quello che si vuole acquistare;
- C) comunicare tempestivamente alla venditrice le discrepanze ed eventualmente le modifiche da apporre all'ordine.

Una volta consegnata la merce, il rapporto contrattuale viene considerato concluso, pertanto **la venditrice, da quel momento, non accetterà alcuna richiesta di reso, dovuta ad errato acquisto.**

RESA

La resa è da intendersi Franco stabilimento di Sedico caricato (**ex-works loaded**).

INTERESSI

Gli interessi, in caso di ritardato pagamento del prezzo, saranno automaticamente calcolati sulla base dell'Euribor 3 mesi più 5 punti percentuali, con decorrenza dal giorno della scadenza stabilita nelle condizioni di pagamento.

GARANZIA

La garanzia è di 24 mesi dalla data di fatturazione e copre i difetti che possono essere attribuiti ai materiali o alla fabbricazione che dovessero insorgere nel normale utilizzo dell'apparecchiatura. Durante il periodo di garanzia l'utente deve rivolgersi al rivenditore per qualsiasi segnalazione o reclamo. L'eventuale sostituzione di un pezzo nel periodo di garanzia non prolunga la durata della garanzia stessa oltre il limite iniziale. I pezzi in garanzia vengono spediti a carico e a rischio dell'acquirente.

La garanzia non viene riconosciuta in caso di installazione errata, nel caso di utilizzo di acqua sporca o aggressiva, in caso di presenza di calcare e di utilizzo di acqua non addolcita, nel caso in cui tensioni e frequenze di alimentazione siano diverse da quanto specificato in targhetta tecnica, nel caso, per le unità a gas, di utilizzo di gas inquinato o fuori specifica.

La garanzia non viene riconosciuta se il danno ha origini esterne all'apparecchio quali, ad esempio, sovratensioni di origine atmosferica. La garanzia non copre eventuali danni da trasporto.

La garanzia non viene riconosciuta in caso di cattivo utilizzo dell'apparecchiatura.

La garanzia sui materiali non viene riconosciuta nel caso di utilizzo di un detergente diverso da quello espressamente raccomandato.

Sono escluse dalla garanzia le parti di normale usura quali: le guarnizioni, le lampadine, i vetri interni delle porte.

La garanzia decade qualora la manutenzione venga fatta da personale non autorizzato o nel caso in cui vengano utilizzati ricambi non originali. La garanzia è valida solo nei confronti dell'acquirente originario.

ASSICURAZIONE CONTRO I RISCHI

In base all'art. 1 del D.P.R. 21/5/1988 n. 224.

In ottemperanza a quanto detto il nostro prodotto è assicurato contro i difetti di fabbricazione, errori di concezione o progettazione, difettoso imballo o confezionamento, errori di istruzione per l'uso a partire dal 01.01.1989.

STRALCIO DELLA POLIZZA DERIVANTE DAGLI OBBLIGHI DI LEGGE

L'assicurazione copre il costruttore contro: difetti di fabbricazione, errori di concezione o progettazione.

Il risarcimento deve essere per danni (capitale, interessi e spese) involontariamente cagionati a terzi dal prodotto difettoso dopo la consegna. La garanzia è prestata per i prodotti fabbricati, confezionati o importati in Italia, consegnati in qualsiasi Paese e per i sinistri ovunque verificatisi, con esclusione di U.S.A. e Canada.

DANNI SUL PRODOTTO DOVUTI AL TRASPORTO

Come comportarsi in caso di danni da trasporto:

- A) **DANNI EVIDENTI AGLI IMBALLI E ALLA MERCE CONTENUTA**
Il destinatario deve respingere al momento della consegna la merce, indicando sulla BOLLA DI SPEDIZIONE del trasportatore la dicitura **"merce danneggiata"**.
- B) **DANNI ALL'IMBALLO**
Procedere alla verifica e seguire la procedura sopra descritta (punto a). Nel caso la verifica non sia possibile in contemporanea alla consegna, apporre sulle bolle (di trasporto e di consegna) la dicitura **"riserva di controllo"**. Il controllo dello stato della merce deve avvenire **entro tre giorni** dalla consegna. Questo è un diritto previsto dalla legge. In caso di avaria, parziale o totale, deve esserne data comunicazione con **lettera raccomandata "A.R." (o fax)** al trasportatore ed, in fotocopia, via fax alla venditrice, indicando se il danno è totale o parziale.
- C) **AVARIA NON RICONOSCIBILE: DANNI OCCULTI**
In questo caso, la Legge 450/85, Art. 1698, prevede l'ammissione al rimborso purchè il danno venga denunciato appena conosciuto con lettera raccomandata "A.R." (o fax) al trasportatore, in copia alla venditrice e comunque **entro e non oltre otto giorni** dal ricevimento.

Quando non respinta al momento della consegna, la merce riconosciuta danneggiata deve essere rispedita, previo accordo con la venditrice, al nostro stabilimento di Sedico con LA CAUSALE "reso per danni da trasporto" e con MODALITÀ di CONSEGNA "trasporto in conto servizio", completa di ogni accessorio, nessuno escluso e con lo stesso trasportatore della consegna. In mancanza di quanto sopra indicato, non saranno accettati reclami tardivi od incompleti. La merce sarà considerata regolarmente consegnata ed accettata senza riserve, liberando il trasportatore dai suoi obblighi, ciò in conformità agli obblighi del ricevente.

Le merci a noi segnalate via fax inserite nelle procedure descritte nei casi a + b + c, verranno **rispedite** ai clienti che ne faranno richiesta **sempre e solo in vendita.**

La venditrice procederà alla emissione della **"nota di accredito"** a compensazione, parziale o totale, delle merci danneggiate solo dopo aver verificato il rispetto delle procedure pretese dalla Legge 450/85 e dopo aver ricevuto al proprio magazzino di Sedico la merce in causa ed aver verificato con il perito del trasportatore la veridicità della denuncia contenuta nella raccomandata "A.R." (o fax) inviata dal cliente.

Starting from 01.01.1989 and in compliance with the above-mentioned, our product is insured against defects in manufacture, errors design, faulty packing or errors in directions for installation and use.

EXTRACT OF THE INSURANCE CONTRACT DERIVING FROM LEGAL OBLIGATIONS

The guarantee is given for products which are manufactured, assembled in Italy or imported into Italy, shipped in any country and for accidents wherever they may occur, U.S.A. and Canada not included.

FREIGHT DAMAGE POLICY

Procedure to be carried out in case of freight damage:

- VISUAL DAMAGE TO PACKAGING AND GOODS CONTAINED**
The receiver must return the goods to the carrier on delivery and note **"damaged items"** on the carrier's delivery receipt.
- DAMAGE TO PACKAGING**
Inspect the package and proceed as in paragraph "A" above. If it is not possible to inspect the package in the presence of the carrier, write "subject to inspection" on both the shipping bill and the delivery receipt. The items so delivered **must be checked within three days of delivery**. This is a term established by law. In case of damage, be it partial or total, the claim must be made with the carrier by **registered mail with return notice (or fax)**, and sent cc to the seller, indicating whether the damage is total or partial.
- UNDETECTED DAMAGE: HIDDEN DAMAGE**
In this case, the Italian Law 450/85, Art. 1698, provides for refund if the damage is claimed as soon as detected, by registered mail with return notice (or fax), and a copy of the claim is sent to the seller, **within eight days of delivery**.

When not returned to the carrier on delivery, the items acknowledged as damaged must be sent (with prior agreement with the seller only) to our Sedico factory by the same carrier, indicating as re.: "returned due to freight damage" and as delivery terms: "sent for servicing purposes". All accessories must be attached, none excluded. Failure to comply with the requirements above **will determine rejection of late or incomplete claims**. In this case the items will be considered as duly delivered and unconditionally accepted, and this will relieve the carrier from any further obligation.

When claims are reported to us by fax following the procedure in cases A + B + C above, the items will be returned to the customers upon their request, **on sales terms only**.

The seller will then issue a **"credit note"** as partial or total compensation for the damaged items, only after ensuring that the procedure established by the Italian Law 450/85 has been complied with and after the carrier's surveyor has assessed that the claim sent by registered mail with return notice (or by fax) is true and faithful.

Le remplacement éventuel d'une pièce durant la période de garantie ne prolonge pas la durée de cette dernière au-delà de la limite initiale. La garantie n'est pas reconnue en cas d'installation erronée, en cas d'utilisation d'eau sale ou agressive, en cas de présence de calcaire et d'utilisation d'eau non adoucie, dans le cas où les tensions et fréquences d'alimentation diffèrent des spécifications sur la plaquette technique, et pour les unités à gaz, en cas d'utilisation de gaz pollué ou non conforme.

La garantie n'est pas reconnue si le dommage a des origines externes à l'appareil, telles que, par exemple, des surtensions d'origine atmosphérique.

La garantie ne couvre pas d'éventuels dommages causés par le transport. La garantie n'est pas reconnue en cas d'utilisation inappropriée de l'appareil.

La garantie sur les matériaux n'est pas reconnue en cas d'utilisation d'un détergent autre que celui expressément recommandé.

DOMMAGES SUR LE PRODUIT DUS AU TRANSPORT

Comment se comporter en cas de dommages provoqués par le transport :

- A) **DOMMAGES ÉVIDENTS SUR LES EMBALLAGES ET SUR LA MARCHANDISE EMBALLÉE**
Le destinataire doit refuser la marchandise au moment de la livraison, en indiquant sur le BORDEREAU DE LIVRAISON du transporteur la mention "**marchandise endommagée**".
- B) **DOMMAGES SUR L'EMBALLAGE**
Procéder à la vérification et suivre la procédure indiquée ci-dessus (point A). S'il est impossible de vérifier pendant la livraison, apposer la mention "**sous réserve de contrôle**" sur les bordereaux (de transport et de livraison). Le contrôle de l'état de la marchandise doit se faire **sous trois jours** à compter de la date de livraison. Ceci est un droit prévu par la loi. Toute avarie, partielle ou totale, doit être communiquée **par lettre recommandée avec accusé de réception (ou fax)** au transporteur et, par photocopie, par fax au vendeur, en indiquant si le dommage est total ou partiel.
- C) **AVARIE NON DISCERNABLE : VICES CACHÉS**
Dans ce cas, la Loi 450/85, Art. 1698, prévoit l'admission au remboursement pourvu que le dommage soit déclaré dès qu'il est repéré par lettre recommandée avec accusé de réception (ou fax) au transporteur, avec copie au vendeur et dans tous les cas **sous huit jours** à compter de la date de réception de la marchandise.

Lorsqu'elle n'est pas refusée lors de la livraison, la marchandise reconnue comme endommagée doit être réexpédiée, après accord avec le vendeur, à notre usine de Sedico avec LE MOTIF "rendu pour dommages transport" et avec le MODE de LIVRAISON "transport en compte service", avec tous les accessoires, sans en omettre aucun, et avec le même transporteur que pour la livraison. En l'absence des modalités indiquées ci-dessus, les réclamations tardives ou incomplètes ne seront pas acceptées. La marchandise sera considérée comme régulièrement livrée et acceptée sans réserve, en libérant le transporteur de ses obligations, c'est-à-dire conformément aux obligations du receveur.

Les marchandises nous ayant été signalées par fax comme dans les procédures décrites aux points A + B + C, **seront réexpédiées** aux clients qui en feront la demande **toujours et exclusivement en vente.**

Le vendeur émettra "la note de crédit" en compensation, partielle ou totale, des marchandises endommagées uniquement après avoir vérifié le respect des procédures fixées par la Loi 450/85 et après avoir reçu la marchandise en cause, dans son entrepôt de Sedico, et avoir vérifié avec un expert du transporteur la véracité de la déclaration contenue dans la lettre recommandée avec accusé de réception (ou fax) envoyée par le client.
